CHAIRMAN'S MESSAGE

I am happy to know that Kendriya Vidyalaya Patratu is publishing its School E-Magazine 2022-23

School magazines have a great educative value. They encourage students to think and write. In fact, young talent finds its first exposure through this medium. The magazine also records the achievements and various activities of the institution. I hope that this magazine would be successful in achieving these objectives.

My best wishes for the entire endeavour.

PRINCIPAL'S DESK

It gives me immense joy and happiness in a shape of e-magazine which is the revelation of the endeavour of our esteemed editorial board and my dear students. To reach a desired destination one has to take single step. We can proudly acclaim that being a part of the premier institution, Kendriya Vidyalaya Sangathan, we have taken up a pioneer step.

This magazine will be a milestone for our young minds and will encourage original thinking, imagination and inculcate positive attitude among students. Hard times are to test our ability of persistence. The wake of COVID-19 and complete lockdown are also testing us. The situation has motivated us to take innovative measures of teaching and our transaction with the students. This period will also teach us to broaden our mind set of different ways of learning. Literary intelligence is one of the aspects which have fathomless implications. We do not realize that our ability to stabilize an idea through writing opens hundreds of opportunities. I will develop that acumen, headship and determination to achieve what they aspire. I congratulate my team members for their tireless efforts and readiness in bringing out this E-magazine. May the Almighty keep everyone safe and sound.

Anupa Kerketa

We are extremely proud and exuberant to acclaim all our new hopes and hues the reflection of students' creativity, achievements and present before you the glimpses of Kendriya Vidyalaya, Patratu, in form of E- School Magazine, 2022-23. This souvenir is indeed a pious attempt to make our budding talents, give shape to their creativity and learn the art of writing. It is indeed an art to transform the words into emotions and thoughts which streams right from the mind, through hands to the pen and ink and ultimately on the paper.

It's never been a better time to be a writer--or aspire to become one. Kendriya Vidyalaya Sangathan gives ample opportunities to all the amateur writers to open up their mind, stretch out their wings and soar into the world of words. Positive attitude, hard work, sustained efforts and innovative ideas exhibited by our young buddies will surely stir the mind of the readers and take them to the surreal world of unalloyed joy and pleasure. We have put in relentless efforts to bring excellence to this treasure trove.

Our entire academic year is full of activities which sneakily broaden our knowledge and enables to become better assets to our society. "The arts are not a way to make a living. They are a very human way of making life more bearable. Practicing an art, no matter how well or badly, is a way to make your soul grow, for heaven's sake. Sing in the shower. Dance to the radio. Tell stories. Write a poem to a friend, even a lousy poem. Do it as well as you possibly can. You will get an enormous reward. You will have created something."

— Kurt Vonnegut, A Man Without a Country

We take this opportunity to extend our heartfelt gratitude to our respected Principal for entrusting us with the responsibility of bringing out this School Magazine. Gratitude to all the dignitaries for sparing their valuable time to send their best wishes for the magazine in the form of 'Messages'. We heartily wish all the readers our best wishes and hope this souvenir will enjoy your critical acclaim and prove itself to play a vital role in the all-round development of the children.

Happy Reading!

Your feedback and suggestions will be highly appreciated and will enable us as a trailblazer.

KEYS to SUCCESS

– Anupa Kerketta
(TGT,English)
KV, Patratu

It has been truly said by Les Brown -
“Shoot for the moon. Even if you miss, you
will land among the stars.” —Les Brown

The journey of success starts from the very first step we take as a baby in our childhood, or the very first word we pronounce or the very first food bite we consume or the very first letter we write and lists go on and on..... However as the time passes, we ignore these incidents of success and take them for granted and forget about them. It is natural and everyone deserves to be successful in one’s life. The universe provides tremendous opportunities to us, if only we learn to evoke and communicate with it scientifically. It is in our mind and thoughts to design our destiny and each individual has the power to create and write his/her own story of success.

The above cited quote stands absolutely apt for all the people out there who have acquired the strings of achievements by training their minds, not to desire a vague dream but working harmoniously to make their dreams come true.

These are some of the keys to success:-

1. **Do what you like:** -

Devoting hours on what you like to do, have proven many personalities to be insightful, pensive, simple yet enlightened soul. Make time to grow. It is the desire to do – that emerges like a force to keep our spirit erected to the path of success. Enhancing knowledge and becoming an expert to a particular forte requires the amount of time and space we have for our passion, because hard work and success walk hand in hand.

2. **Positive affirmations :-**

Starting your day with positive affirmations, always work like a cup of tea in the morning. It not only wires our brain but also maintains the energy for the whole day. Positive affirmation is extremely powerful, that can conquer any obstacle and fill our hearts with positive vibes and new aspirations.

Hence, Meditating and pondering upon the noble thoughts during the day

will make ways easier to summit our goals.

Broken Beauty: -

It's okay, to fail and to be called a broken one. Usually, when a bowl, teapot or precious vase falls and breaks into a thousand pieces, we throw them away regretfully. But, The Japanese art of kintsugi teaches that broken objects are not something to hide or discarded but to display with pride. These broken pieces are repaired with golden lining, which makes the vessels even prettier and beautiful like never before.

Likewise, accepting failures and learning from them is the beauty of life. They are the part and partial of success, we shouldn't lose heart of our failures; instead take courage to kindle the spark of success.

3. Secret Writing :-

Another ingredient for becoming a successful personality is to write your own dreams on the paper earnestly. Paper can keep your secrets; it is patience and does not judge us. No matter how big or small your desires are, simply writing them in the paper, synchronise words with actions and thoughts. Keep them secret until you manifest miracles in life because when God blesses us we need to shut our mouth.

4. 21 days of developing a new Habit :-

Yes, it takes 21 days to develop a habit. If we decide to be successful, we need to engage our thoughts scientifically in a productive and creative way. A disciplined way of doing certain habit will surely bring a remarkable change in our life. Therefore, a baby step will be fine. Manage your expectations and commit to making small, incremental improvements — rather than pressuring yourself into thinking that you have to do it all at once. Choose a particular idea, make that idea your very own, and then gradually but steadily learn the art of mastering them.

FOR A WHILE

-Anupa Kerketta

Come and sit with me for a while,
You say something; I'll listen to you,
I say something you'll listen to me.
Out pour our hearts to each other
Share our secrets to one another
For a while, For a while!
Come and smile with me for a while
If you cry I'll wipe your tear,
If I cry you'll shower your care,
Never hide behind the cemented wall
Your presence is all what I call
For a while, For a while!
Come and hold my hands for a while,
The world is swift and fast
People are busy and vast.
I tend to be lost and tangled,
Show me the path, I'll you the way.
For a while, For a while!
*Come and dream with me for a while,
To the world of heaven and peace,
To touch the sky and make the clouds
cease,
To create a world of mystery,
And forget all our pain and misery.*

*For a while, For a
while!*

ज़िद है कुछ पाने की
मुश्किल राहे भी आसान लगने लगी
कुछ खोने का डर छूटा
किस्मत भी मेहरबान लगने लगी।
यूं तो सफर में कांटे भी बहुत है
हर चुभन पर फूलों का मरहम लग जाता है
कश्ती किनारे पर लगने को हो
तब खवाबों को भी पर लग जाता है
चलते चलते वक्त अपना सा

PHOBIA

- Md. Faiyaz Ansari

Time passed I lived, I lived in a
core

I lived in hatred, but died in love

Once I was feared, kings to the
core

Now I am a fool, fool of snake
mellow

Day passed, month passed, passed
the year

Now I live, live in benefit, not in a
heart

Once I destroyed, destroyed rich
and sinner

Now I destroy poor and innocents,
I lost heart

I am immortal divine, No I can die

You need to listen the truth, I may
die

Find the courage to face the truth,
I will die

I lived long and I will live long

Once you had the courage to fight
long

Stand again fight, win the lost
battle long.

-पवन कुमार सैनी, 10 ब

तुलसीदास का जन्म उत्तर प्रदेश के बांदा जिले के राजपुर गांव में सन 1532 में हुआ था। कुछ विद्वान उनका जन्म स्थान सोरों जिला एटा भी मानते हैं। तुलसी का बचपन बहुत संघर्षपूर्ण था। जीवन के प्रारंभिक वर्षों में ही माता-पिता से उनका बिछड़ना हो गया था। कहा जाता है कि गुरुकृपा से उन्हें राम भक्ति का मार्ग मिला। वे मानव मूल्यों के उपासक कवि हैं। राम भक्ति परंपरा तुलसी अतुलनीय हैं। रामचरित्रमानस कवि की अनन्य राम भक्ति और उनके सृजनात्मक कौशल का मनोरम उदाहरण है। उनके राम मानवीय मर्यादाओं और आदर्श के प्रतीक हैं, जिसके माध्यम से तुलसी ने नीति, सील, विनय, त्याग जैसे उदारता आदर्शों को प्रतिष्ठित किया। रामचरित्रमानस उत्तरी भारत की जनता के बीच बहुत लोकप्रिय है। रामचरित मानस के अलावा कवितावली, गीतावली, दोहावली, कृष्ण गीतावली आदि उनकी प्रमुख रचनाएं हैं। अवधी और ब्रज दोनों भाषा पर उनका सम्मान अधिकार था। सन् 6023 में काशी में उनका देहावासन हुआ। तुलसी ने रामचरितमानस की रचना अवधि में और विनयपत्रिका तथा कवितावली की रचना ब्रज भाषा में की। उस समय प्रचलित सभी काव्य रूप को तुलसी की रचनाओं में देखा जा

-Chandani Bharti X A

By Chandni Bharti 10 "A"

Everything in this world,
Every human being desires something.
But I think
Desire is a thought.
Desire is a thought of every person,

Fire always burn everything,
But desires lead good direction.
Desire lives in the heart of kind people,
It doesn't live in bad people,
Because desire is a thought.

6. Don't Pollute Our Earth

-Ritika Kumari 8 B

Don't Pollute Our Earth,
It is dangerous for us,

It can harm our life,
Please don't pollute our life,
Please don't pollute our earth.
Don't Pollute Our Earth,
It is nothing but our laziness,
It can be well if we keep clean with,
But if don't then, we have to face
problem
So, please don't pollute our earth.

Don't Pollute Our Earth,
We have to clean our areas together,
We have to use only one vehicle for
ourselves,
We need not to use many cars for a
single person,
Please don't pollute our earth.

Don't Pollute Our Earth,
Without a clean earth we can't survive,
Why we people can't understand it?
It creates many problems in our life,
Please don't pollute our earth.

Growing up on this day and age.
 By- Abhishek Kumar 10 "B"
 With free expression all the rage.

Our young ones learn when starting School.

That reading's fun and maths is Cool
 While writing not the least bit growing
 It's really is so much like drawing.

For every child it is essential to realise
 Their full potential and teachers always
 Do their best to stimulate their interest.

When years of school days end at last
 With all of examination passed with the
 children reminisce and say

"Our School days we will miss"

And as the final days arrives

"They were the best days of our lives".
